## Cortez Family Recreation Center

Cortez, Colorado

Client	• City of Cortez Parks and Recreation
Contact	• Chris Burkett, Director - 970.565.3402
Budget	• \$8 million
Completion	• January, 2004

At 46,200 s.f. the new Cortez Family Recreation Center is the crown jewel of the Parque de Vida, the largest park in the Cortez Parks and Recreation Department system. The design takes its cues from the old Spanish mission style reflecting the region's Hispanic, Native American, and Anglo influence.

The new center is the pride of the City of Cortez and includes a leisure pool and separate six-lane lap swimming, a climbing wall, gymnasium, multipurpose room, babysitting room, and two racquetball courts. A fitness area and walking/jogging track will be located on a second floor.
